

KLEIN KAROO HORSE ADVENTURES

Stof & Sterre 2026

We are thrilled to give you more information about our **new** exciting horsetrail ride at Klein Karoo Horse Adventures. **Stof & Sterre** (roughly translated as Dust and Stars, is an overnight adventure trail spanning 4 days. Our overnight place of rest for each ride throughout the year are always different and may include Doornkraal, depending on the route. Accommodation for the 3 nights might be luxury camping or comfortable farm accommodation, depending on the route. Luggage will be transported by our team and you can carry other necessities like suncream, water, a hip flask, a pocket knife for biltong and other snacks in your saddle bag. The months of December, January and February are avoided because of very hot summer weather which is fine for the horses but possibly too hot for you. We might have hot weather during other months of the year, but hey, its the Klein Karoo and its an adventure. In case of unusual weather conditions we may change the itinerary to ride during the best time of the

Suggested packing list:

- Short pull on boots e.g. farm/hiking boots or sneakers with chaps (long or short). We like the ankle protection of short boots for the short distances that we will be walking. Good tread important for loose stones on one specified day where its recommended to walk a short distance. Long riding boots with smooth tread definitely not recommended.
- Sunscreen (plenty!) and lip balm
- Riding hat (recommended but not essential, and it might be a condition of your insurance) or a wide brimmed hat with chin strap or string to keep it on your head at speed. Please note: not wearing of a safety helmet is entirely at your own risk.
- Rain coat or waterproof riding gear in case of wet weather. The farmers co-op shop sells cheap rain suits. The ride will continue despite weather conditions, except if there's a natural disaster.
- Hygiene wipes: handy for the saddle bag if you need to go while on the trail. Please make sure that used tissue or wipes should be buried (heels can dig in soft soil) if used in the veld or placed under a big stone. Burning of toilet paper are recommended once used.
- Sunglasses (preferably on a string if you are riding with them).
- Optional: gloves, personal water bottle, sweets/snacks for the saddle bag, hip flask...?, Ziploc bags for waterproofing items in saddle bags e.g. mobile phone.

Personal

- Comfortable & casual clothing for the evenings. Dinner will always be where we stay and never in a restaurant.
- Torch or head lamp (important for camping evening).
- Soap, shampoo and personal toiletries. Limited amenities in lodges along the way.
- Basic first aid kit or personal medication for your own use.
- Mosquito repellent.
- Mobile phone chargers and plugs. There's electricity at all our accommodation places except when we are camping. Bring an external battery if you are worried about your phones' battery not lasting.
